Context for Job Placement Rate – Placement Percentages as reported to ACCSC as part of the July 2013 Annual Report.

Who is included?

The cohort of students vary based on program length and the as prescribed by the Accrediting Commission of Career Schools and Colleges (ACCSC) guidelines for reporting placement on the required annual report for 2012. A student classified as unavailable for graduation must fall into one of the following classifications: death, incarceration, active military service deployment, or the onset of a medical condition that prevents continued enrollment. The placement cohort of students is not necessarily the same cohort of students that are classified as completers or completer on time due to the different reporting requirements for Gainful Employment Disclosures and ACCSC Graduation and Placement reporting.

What type of job?

These placement rates include those completers that are employed in positions that are directly related to the field of training.

Graduates - Unavailable for Employment are those who fall into one of the following categories: death, incarceration, active military service deployment, the onset of a medical condition that prevents employment, or international students who have returned to their country of origin.

When were they employed?

This rate is based on information provided to the school by the student and that information is used at the time this report is generated. Employment would be considered up to the publication date of this report.

How are graduates tracked?

Graduates are tracked by communicating directly with the graduate through the school's career services office. The placement status is verified by the student and the employer in every case possible.

What agencies (state or accrediting), if any, is this rate reported to?

Job placement rates are reported to the schools accrediting commission and the PA State Board of Education. The placement rate presented in these disclosures are those submitted to our accrediting commission, ACCSC.

SPECIAL NOTATIONS

- 1) Program costs are the costs in effect as of April 23, 2013 and current as of the posting date, November 18, 2013.
- 2) Program costs are inclusive of all direct institutional costs, Tuition, Fees, Books, Tools for the entire program.
- 3) Several programs have been updated which necessitated a change in program length therefore the disclosed length will not match the currently published length.
- 4) No Data to Report indicates there were no starts or graduates in the reporting time period.
- 5) Expanded Function Dental Assistant is a continuing education program and is not subject to the Gainful Employment regulation.
- 6) Sterile Processing Technician program has not started in 2013 and is expected to start in 2014.
- 7) Drafting Technology program has been discontinued.
- 8) Early Childhood Education was formally known as Childcare Specialist.
